

SOLIDARITY AND THE SOLIDARITY TORCH

Solidarity is one of the most important gifts of the human being. For me, solidarity consists on helping the poor people without receiving anything in exchange. They exist nowadays, many solitary people, and thanks to them solitary organizations exist, and whose principal occupation is to help the people without economic resources, to give them food, clothes, a ceiling where to sleep ...

But also, there are many ambitious people who only worry about themselves and about nobody else. Some of the most important organizations are: Caritas and United Hands. These organizations possess some symbols or objects that represent solidarity. A clear example of these symbols is the solidarity torch that crosses the villages and cities making us conscious of the lack of food, clothes... in the poorest people.
