

WHAT IS SOLIDARITY FOR YOU?

Solidarity is one of the most important gifts of the human being. For me, solidarity consists of helping the poor people without receiving anything in return.

At present there exist many supportive people, and thanks to them there exist solidarity organizations, their principal occupation is helping people without economic resources, providing them food, clothes, a place where to sleep...

But also, there are many ambitious people that only worry about themselves and about nobody else. Some solidarity organizations are: Caritas and United Hands. These organizations have got some symbols or objects that represent solidarity. A clear example of these symbols is the solidarity torch, which crosses towns and cities making us conscious of the lack of food, clothes... in the poorest people.
